A practice for the courtroom and the boardroom

Sudarshan Ritudeep & Associates is a full-service legal and advisory firm advising clients across litigation, corporate governance, contract management and enterprise risk. We combine courtroom experience with the analytical rigour of a modern advisory practice.

Our counsel appear before trial courts, High Courts, consumer forums, RERA authorities, MSME facilitation councils, the DRT and specialised tribunals, while our advisory team supports corporates, housing societies and growing businesses on compliance, contract vetting and risk mitigation.

The firm brings together trial counsel, sector specialists and NLU alumni. Every mandate is led by counsel with deep commercial understanding, so advice is measured by execution — the forum chosen, the remedy pursued and the trade-off that improves the client's position.

Why clients engage us

Trial & Courtroom Counsel

Hearings, interim relief and enforcement handled by advocates who argue matters themselves.

Sector Specialists

Real estate, MSME, insolvency, labour and governance mandates led by dedicated domain counsel.

Integrated Risk Advisory

Forensic audits, internal control reviews and contract governance alongside dispute strategy.

Defined Response Times

Enquiries acknowledged immediately; counsel typically respond within 2 to 4 working hours.

Where we are most frequently instructed

RERA & Real Estate Disputes

Complaints and defences before RERA authorities and the Appellate Tribunal — delayed possession, refund with interest, misleading advertisements, agreement-to-sale vetting, project registration compliance, and recovery of assured returns. We act for both homebuyers and developers.

RWA & Housing Society Advisory

Advisory and representation for resident welfare associations and apartment owners' bodies: society registration and bye-laws, maintenance and common-area disputes, handover of facilities by developers, audits of society accounts, election disputes and governance compliance.

MSME Disputes & Recovery

Delayed payment claims under the MSMED Act before Micro & Small Enterprise Facilitation Councils, conciliation and arbitration references, interest computation, buyer defences, and enforcement of council awards — with parallel commercial recovery strategy where faster.

Due Diligence & Debt Disputes

Legal and title due diligence, red-flag reporting on corporate and real estate targets, and contested debt matters: SARFAESI and DRT proceedings, cheque dishonour actions under Section 138, one-time settlements and negotiated debt restructuring.

Start-Up Compliance & Advisory

Entity structuring, founders' and shareholders' agreements, ESOP documentation, investment and SAFE/SSA review, statutory and secretarial compliance calendars, IP assignment, and data and consumer-facing policy review for early-stage companies.

Thirteen disciplines. One integrated practice.
